The Contractor shall Remove and Replace air conditioning and heating units that is over 20 years old. Replace with new units, each summer we have been doing patch work on the units, which does not last. For the past two years there was no air conditioning and our members who are mostly elderly suffered thru the heat in order to support our post since we are a Nonprofit organization with limited resources. They will replace with new units, air ducts and a new heating unit. Remove the roof and gutters that maybe over 25 years old and replace roof and gutters.
